Subject: RE: Dewey Burdock Comm Strat

By the way - that comm strat I sent was written plans to conduct Tribal consultation with the Tribes in the area but the public hearings I mentioned that are planned will not be for the Tribes but for general SD and will not be held on Tribal lands.

Hi Folks,

I met with Doug on my water program rounds and he mentioned that there are upcoming public hearings - late Fall (Oct/Nov) - and that they want me to come along as they're anticipating media They'll pay the travel. There will be 3 hearings - Edgemont, Rapid City, and one in Nebraska. I'm reviewing the comm strat and getting up to speed.

Subject: Comm Strat

Hi Douglas,

It turns out the Comm Strat was developed specifically for Tribal Consultation, since that was the most pressing need at the time. I don't think it will take a lot to change it to one for the general process. The matrix would include the bullets in Darcy's email & the items you added. I will go back and find the info about activities we did previously. That info is recorded in previous briefing documents & timelines.
